

WENR

WENR Report 2009 Respondents should answer all questions although it is understood that there may be no official register in some countries in relation to statistics etc. A skilled NNA estimation is better than no information. To be returned by October 2009 on file to Olga Bloemkolk o.bloemkolk@levv.nl

Country: *Spain*

Name of NNA: *Spanish General Council of Nursing*

NNA President: *Máximo A. González Jurado*

WENR Representative: *Zuleyma Orellana Martínez*

Please tick (✓) the correct response.

DEMOGRAPHICS

1. Total number of RNs working in full-time equivalent in your country in:

Public/National Health: *153.400 RNs*

Private Health: *22.097 RNs*

82% female nurses versus *18%* of Male Nurses

In relation to total number of inhabitants country: how many nurses per 100.000 inhabitants: *536.62 nurses /100000 inhabitants*

2. Number of years studying for RN qualification

2 years

3 years

4 years

other

If possible more precise: number of months or credits: 1 credit = 25 student work hours
– lectures, clinical placements, etc see EU 4600 total hours: *240 ECTS*

3a. First nursing qualification leading to RN registration

Certificate Diploma Degree Other

Diploma is now the nursing qualification leading to RN registration, but from this year it will be the Nursing's Degree, because Diploma has disappeared according to the Bologna agreement.

3.b Is your education according tot the Bologna agreement?

Yes or No.

3c. If not explain: -----

3d. If your country has more than one system leading to RN registration please explain. -----

3. In how many educational qualifications are nurses trained in your country?

Three levels:

- *First cycle level: Bachelor's Degree*
- *Second cycle level: Master's Degree and Specialization in seven areas.*
- *Third cycle level: PhD in nursing*

5. Body awarding RN license/registration:

School of Nursing University / Higher Education
Regulatory Body Government Other

Nurses have to be registered in the General Council of Nursing for practicing.

6. Please state number or give an estimate if there is not a registration, of nurses in your country with a doctoral degree/PhD and Professorial Chair:

> 50;
Between 50-100;
> 100.

7. How many articles concerning nursing research are published?

No data is available.

8a. How many journals are there in your country?

Approximately 105 journals

8b. Are they in an international database?

Yes, but not all of them.

8c. Can you give an estimate of the number of quotations?

No data is available. But CUIDEN database estimates 1.76/article for some journals, according to the Hirsch Factor.

9a. Is that journal(s) peer reviewed?

Yes

No

9b. If "Yes", are there abstracts in English available?

Yes

No

9c. If "Yes", please detail name of journal and details of where/how it can be obtained.

RESEARCH EDUCATION

10. Research appreciation is included in:

Basic Nurse Education

Post Basic Education

11a. Do universities in your country provide Masters Research degrees in nursing?

Yes

No

11b. Do universities in your country provide Doctoral research degrees in nursing?

Yes

No

11c. In what year PhD in nursing started in your country?

In the academic year 2007 - 2008

12a. What nurses in your country have research access to library resources? Tick all relevant.

All nurses

Majority of nurses

Nurses in education

12b. How easy is it to access to articles? Is there a contract with university of government? Please explain

Fairly easy. There are many contracts between institutions to facilitate it. For example: the Complutense University of Madrid has its own database named ENFISPO that belong to the Nursing School, in which access is free to everyone. The Ministry of health provide free access to the Cochrane Library Plus. Other contracts are restricted to use for public hospitals and some public institutions. The National Library of Spain has contracts with some databases too, but it is possible to access only by using its computers.

FUNDING

13a. Funding specifically for nursing is:

- Common practice;
- Alone or in research groups
- Or alone with other multiprofessional groups?

13b. Funding is provided specifically for nursing research by: Tick all relevant.

Government

Hospitals

Organizations

Pharmaceutical companies

Charities

Other

NNA

Local/National Nursing Boards

14. Give an estimate of the amount of money what is the highest grant for nurses?

No data is available

RESEARCH STRATEGIES

15a. Does your country have a National Nursing Research Strategy of strategy for healthcare?

Yes

No

Website? www.isciii.es/ & www.isciii.es/investen

15b. If "Yes", please state the name of the strategy and details of where/how it can be obtained.

*Unit for Coordination and Development of Nursing Research (Investén-isciii)
Its Mission is to develop a statewide strategy to promote and coordinate transnational research and multidisciplinary care, promoting their integration into daily clinical practice, in order to obtain a highest quality care based on valid and reliable results from rigorous research.*

16a. Is national nursing research visible in national healthcare?

Yes

No

16b. If "Yes", please detail where information can be sourced, f.e. websites:

www.isciii.es/investen
